Authorized distributors provide a Standard Limited Warranty for 12 months from the date of purchase for new products. Please contact your local distributor for warranty arrangements in your territory. You must visit the *warranty activation* tab at EWAVESURF.COM to activate your warranty within **15 days of your purchase** from an authorized distributor/service center.

You may locate authorized distributors and/or service centers by visiting **EWAVESURF.COM**

Distributors ONLY warrant EWAVE products purchased from an authorized dealer and with an original purchase receipt.

All warranties are limited to a single original owner on the purchase of new and current products from an authorized reseller.

Closeouts, Discontinued and Secondary sales of any kind including "like new" or "out of box" products are not eligible for warranty consideration.

This warranty gives the consumer specific legal rights, and those rights may vary from place to place. Ask your Local Distributor for the warranty period in your region by calling their service center.

Any part of the product supplied by the distributor and found in the reasonable judgment of the distributor to be defective in material or workmanship will be replaced then returned by the distributor without charging for parts and repair costs. However, some shipping costs may apply. The product, including any defective part, must be sent to the distributor within the warranty period.

The customer will pay for the expense of delivering the product to the Distributor or authorized service center.

SALTWATER USE - IMPORTANT

Saltwater environments are highly corrosive to watercraft such as EWAVE. **EXTREME CARE** must be utilized when using EWAVE in any saltwater environment. Extreme freshwater cleansing and storage procedures must be utilized after every saltwater use to keep and maintain your EWAVE warranty in effect.

A saltwater rinsing kit is provided with every new purchase and must be utilized after every use. If there is a warranty claim after any saltwater use and it is identified that proper saltwater cleansing procedures have not taken place, your warranty may become null and void at the discretion of EWAVE.

BATTERY LID

The battery lid has 4 strong latches. You **MUST ENSURE** that ALL 4 LATCHES are fully secured before every use. **FAILURE TO DO SO WILL FLOOD THE INSIDE OF THE BOARD AND VOID YOUR EWAVE WARRANTY.**
